Particulars of the foregoing matters are set forth in the management information circular dated March 31, 2016 (the “Circular”). The Notice-and-Access Provisions are a set of rules that permit the Corporation to post the Meeting materials, 2015 Financial Statements and accompanying management’s discussion and analysis (“MD&A”) online rather than making a traditional physical delivery of such materials. Paper copies of the Corporation’s Meeting materials will only be mailed to those shareholders who have previously requested paper copies. All other shareholders will receive a notice and access notification which will contain information on how to obtain either electronic or paper copies of the Meeting materials in advance of the Meeting.

Registered shareholders who are unable to attend the Meeting in person are requested to complete, date and sign the enclosed form of proxy and send it in the enclosed envelope which has been provided for that purpose. If you are not a registered shareholder of the Corporation, a VIF, instead of a form of proxy, may be enclosed. You must follow the instructions, including deadlines for submission, on the VIF in order to vote your shares.

Only holders of Common Shares of record at the close of business on April 4, 2016 (the "Record Date") are entitled to notice of and to participate at the Meeting and any adjournment or postponement thereof.

ONENERGY INC.

MANAGEMENT INFORMATION CIRCULAR AS AT MARCH 31, 2016.

PART 1 - SOLICITATION OF PROXIES BY MANAGEMENT

This management information circular (the “Management Information Circular”) is furnished in connection with the solicitation by the management of ONEnergy Inc., (the “Corporation”) of proxies to be used at the annual and special meeting (the “Meeting”) of shareholders of the Corporation (the “Shareholders”) to be held at the time and place and for the purposes set out in the notice of meeting (the “Notice of Meeting”). It is expected that the solicitation will be made primarily by mail. However, officers and employees of the Corporation may also solicit proxies by telephone, facsimile, e-mail or in person. The total cost of solicitation of proxies will be borne by the Corporation. Except as otherwise stated, the information herein contained is given as of March 31, 2016.

NOTICE-AND-ACCESS

The Corporation is using the “Notice-and-Access” provisions of Canadian securities rules that came into effect on February 11, 2013, under National Instrument 54-101 – “Communication with Beneficial Owners of Securities of a Reporting Issuer” and National Instrument 51-102 – “Continuous Disclosure Obligations”, for distribution of the meeting materials to Shareholders (collectively, the “Notice and-Access Provisions”) adopted by the Canadian Securities Administrators for this Meeting to reduce its mailing costs and volume of paper with respect to the materials distributed for the purpose of the Meeting. The Notice-and-Access Provisions are a set of rules that permit the Corporation to post the Meeting materials, 2015 Financial Statements and accompanying management’s discussion and analysis (“MD&A”) online rather than making a traditional physical delivery of such materials, unless specifically requested. Shareholders will still receive this Notice of Meeting, together with a form of proxy (the “Proxy Instrument”) or voting instruction form (“VIF”), as the case may be. The Corporation will not use procedures known as “stratification” in relation to the use of the Notice-and-Access Provisions. Using notice-and-access directly benefits the Corporation through a substantial reduction in both postage and material costs and also helps the environment through a substantial decrease in the amount of paper documents that are ultimately discarded.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors and/or officers of the Corporation. A Shareholder has the right to appoint as his or her proxy a person or company, who need not be a Shareholder, other than those whose names are printed on the accompanying form of proxy. **A Shareholder who wishes to appoint some other person or company to represent him or her at the Meeting may do so either by inserting such other person's or company's name in the blank space provided in the form of proxy and signing the form of proxy or by completing and signing another proper form of proxy.** Where the Shareholder is a corporation, the form of proxy must be executed by an individual duly authorized to represent the corporation and must be accompanied by a resolution of the board of directors of such corporation providing evidence of such authorization.

A Shareholder wishing to be represented by proxy at the Meeting or any adjournment thereof must deposit his, her or its duly executed form of proxy with the Corporation's transfer agent and registrar, Computershare Investor Services Inc. at 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 not later than 48 hours, excluding Saturdays, Sundays and holidays, preceding the Meeting or any adjournment thereof at which the proxy is to be used, or deliver it to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, prior to the time of voting.

A Shareholder who has given a proxy may revoke it by an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The revocation of a proxy, in order to be acted upon, must be deposited with Computershare Investor Services Inc. (Attention: Proxy Department), 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1 prior to 5:00 p.m. on the last business day immediately preceding the Meeting or any adjournment thereof, or with the Chairman of the Meeting before the commencement of the Meeting or at any adjournment thereof.

EXERCISE OF DISCRETION BY PROXIES

Shares represented by properly executed proxies in favour of the persons designated in the enclosed form of proxy, in the absence of any direction to the contrary, will be voted for: (i) the election of directors; (ii) the appointment of auditors; and (iii) the By-law Resolution (as herein defined); in each case, as stated under such headings in this Management Information Circular. Instructions with respect to voting will be respected by the persons designated in the enclosed form of proxy. With respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting, such shares will be voted by the persons so designated in their discretion. At the time of printing this Management Information Circular, management of the Corporation knows of no such amendments, variations, or other matters.

SHARES

As at March 31, 2016, there were 24,122,507 Common Shares in the capital of the Corporation (the "**Common Shares**") issued and outstanding. Each Common Share entitles the holder thereof to one (1) vote.

The Corporation has fixed April 4, 2016 as the record date (the "**Record Date**") for the purpose of determining Shareholders entitled to receive notice of and to vote at the Meeting. Pursuant to the *Business Corporations Act* (Ontario) (the "**OBCA**"), the Corporation is required to prepare, no later than ten days after the Record Date, an alphabetical list of Shareholders entitled to receive notice of and to vote at the Meeting as of the Record Date that shows the number of shares held by each Shareholder. A Shareholder whose name appears on the list referred to above is entitled to vote the shares shown opposite his or her name at the Meeting. The list of Shareholders is available for inspection during usual business hours at the head office of the Corporation and at the Meeting.

NON-REGISTERED SHAREHOLDERS

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the shares of the Corporation, such as securities dealers or brokers, banks, trust companies, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs, and similar plans; or (ii) in the name of a clearing agency of which the Intermediary is a participant. In accordance with National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Corporation has distributed copies of the Notice of Meeting and this Management Information Circular (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for distribution to Non-Registered Holders. Intermediaries are required to forward the Meeting Materials to Non-Registered Holders, and often use a service company for this purpose.

Non-Registered Holders will either:

- (a) typically, be provided with a computerized form (often called a “voting instruction form”) which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. In order for the applicable computerized form to validly constitute a voting instruction form, the Non-Registered Holder must properly complete and sign the form and submit it to the Intermediary or its service company in accordance with the instructions from the Intermediary or service company. In certain cases, the Non-Registered Holder may provide such voting instructions to the Intermediary or its service company through the internet or through a toll-free telephone number; or
- (b) less commonly, be given a proxy form which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. In this case, the Non-Registered Holder who wishes to submit a proxy should properly complete the proxy form and submit it to Computershare Investor Services Inc., (Attention: Proxy Department), 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1.

In either case, the purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Common Shares of the Corporation which they beneficially own.

Should a Non-Registered Holder who receives a voting instruction form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should print his or her own name, or that of such other person, on the voting instruction form and return it to the Intermediary or its service company. Should a Non-Registered Holder who receives a proxy form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons set out in the proxy form and insert the name of the Non-Registered Holder or such other person in the blank space provided and submit it to Computershare Investor Services Inc., at the address set out above.

In all cases, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when, where, and by what means the voting instruction form or proxy form must be delivered.

A Non-Registered Holder may revoke voting instructions which have been given to an Intermediary at any time by written notice to the Intermediary, except that an Intermediary is not required to act on a revocation that is not received by the Intermediary at least seven days prior to the Meeting.

The Corporation may pay the reasonable costs incurred by persons who are the registered but not beneficial owners of Common Shares, such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians, in sending or delivering copies of this Management Information Circular, the Notice of Meeting and the form of proxy to the beneficial owners of such shares. The Corporation will provide, without cost to such persons, upon request to the Secretary of the Corporation, additional copies of the foregoing documents required for this purpose.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed in this Management Information Circular, no (a) director or executive officer of the Corporation who has held such position at any time since the beginning of the last completed financial year of the Corporation; (b) proposed nominee for election as a director of the Corporation; or (c) associate or affiliate of a person in (a) or (b) has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

PART 3– COMPENSATION

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation and Human Resources Committee is responsible for assisting the Board of Directors in its oversight of the compensation and assessment of senior executives, including (a) the Chief Executive Officer, (b) the Chief Financial Officer, and (c) the Chief Operating Officer. For the year ended December 31, 2015 these individuals were: Mark J. Lewis, Chief Executive Officer (resigned January 14, 2016); Ray de Ocampo, Chief Financial Officer and Robert Weir, Chief Operating Officer (collectively the "**Named Executive Officers**" or "**NEO**"). In addition, the Compensation and Human Resources Committee is responsible for: (a) reviewing and revising its charter; (b) reviewing the goals and objectives of the Chief Executive Officer for the upcoming year and providing a year-end appraisal; (c) meeting with the Chief Executive Officer to discuss the goals, objectives, compensation and performance of other senior executives; (d) reviewing and recommending any special employment contracts; (e) reviewing and recommending remuneration and benefits for the senior executives; (f) comparing on an annual basis remuneration for senior executives with peers; (g) periodically reviewing bonus and incentive plans and stock option plans in light of new trends and practices of peers in the retail energy industry; (h) reviewing and recommending the executive compensation disclosure required for any shareholder meetings; (i) determining each senior executive's entitlement to be paid a bonus; and (j) adopting policies and procedures to allow it to operate effectively and perform other activities consistent with its charter.

The current members of the Compensation and Human Resources Committee are Mr. Hartt (Chairman) and Mr. Rattee, each of whom are considered to be independent (see “Corporate Governance — Compensation”, below).

Compensation Philosophy

The Corporation’s pay-for-performance philosophy seeks to reward the achievement of performance goals and align the interests of executives with the Shareholders. At the same time, the Corporation aims to attract, retain, motivate and reward highly qualified and experienced executives. The compensation program is designed to reward each senior executive based on individual, group and corporate performance and is also designed to incentivize such executives to drive the annual and long term business goals of the Corporation and enhance the sustainable profitability and growth of the Corporation. The following key principles guide the Corporation’s overall compensation philosophy:

- compensation is determined on an individual basis and is aimed at retaining senior executives;
- compensation should be fair and reasonable to shareholders and be set with reference to the market for similar positions in comparable energy companies;
- an appropriate portion of total compensation is variable and linked to performance of the individual, his or her group and the Corporation, aligning the interests of the senior executive with the Shareholders; and
- internal pay equity is maintained such that executives in similar positions and locations are treated fairly; and compensation should be transparent to the senior executives and the Shareholders.

The Corporation’s compensation program consists primarily of three elements: base salary, incentive plans, and annual bonus. In 2015, the Corporation’s Named Executive Officers received base salaries and other benefits that they were entitled to receive under their employment agreements. No options were granted to Named Executive Officers under the Fixed Option Plan (as defined below). Mr. Weir was awarded a bonus based on the performance of the Corporation’s Gas & Power business. A number of directors elected to receive all or part of their Directors Remuneration (as defined below) in the form of Elective DSUs (as defined below). See “Part 3 – Compensation - Director’s Compensation” for further details.

Base Salary

Base salaries are reviewed annually by the Compensation and Human Resources Committee. The base salaries for Named Executive Officers have been established based on the scope of their responsibilities and their prior relevant experience, taking into account compensation paid by other companies in the industry for similar positions and market demand for such executives. A Named Executive Officer’s base salary was determined by reviewing the Named Executive Officer’s other compensation to ensure that the Named Executive Officer’s total compensation is in line with the Corporation’s overall compensation philosophy.

Annual Bonus

The Corporation’s compensation program includes eligibility for an annual incentive cash bonus. The cash bonuses are intended to reward the Corporation’s Named Executive Officers for achieving short-term goals while making progress towards the Corporation’s longer-term objectives. For 2015, the amount of the cash bonus was weighed 70% for the achievement of overall performance targets for ONEnergy and 30% for the achievement of individual performance goals, with a target bonus generally to be set as a percentage of base salary. During 2015 the overall performance targets for the Corporation were based on the achievement of the cash generation. The annual bonus is based on the achievement of the cash generation targets contained in the fiscal year ending December 31, 2015 budget which has been approved by the Audit Committee, and the Compensation and Human Resources Committee. Although the annual bonus

may be based on these targets, the final amount will be based on the Compensation and Human Resources Committee's assessment of the achievement of the targets set forth. Subject to the terms and conditions of the bonus plan, for each completed fiscal year of the Corporation during which each NEO is employed by the Corporation, the NEO shall be eligible for an annual incentive bonus award as follows: Mr. Lewis was eligible to receive up to maximum of \$200,000; Mr. de Ocampo – up to 30% of his base salary; and Mr. Weir – up to 65% of his base salary. Mr. Weir was awarded a \$40,000 bonus based on the financial performance and growth of the Corporation's Gas & Power business.

Incentive Plans

From time to time, the Board may grant awards pursuant to the Fixed Option Plan and the DSU Plan (as defined below). These awards are awarded based upon the recommendation by the Chief Executive Officer of the Corporation to the Compensation and Human Resources Committee, which bases its decisions upon the level of the individual's responsibility, the individual's contribution toward the Corporation's goals and objectives, and previous grants of awards. The Compensation and Human Resources Committee's decisions with respect to the granting of option-based awards are reviewed by the Board and are subject to its approval. See "Part 3 - Incentive Plans" for further details with respect to the Fixed Option Plan and the DSU Plan.

Consideration of Risks of Compensation Policies and Practices

In light of the balance between long-term objectives and short-term financial goals with respect to the Corporation's compensation program, the Board believes that the compensation program does not create an incentive for the Named Executive Officers or other employees to engage in unnecessary or excessive risk taking.

Purchase of Financial Instruments

The Corporation does not currently have a policy that restricts Named Executive Officers or directors from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director. However, to the knowledge of the Corporation as of the date hereof, no Named Executive Officer or director of the Corporation has participated in the purchase of such financial instruments.

Summary of Compensation

The following tables set out all annual and long-term compensation for services in all capacities to the Corporation earned for the fiscal years ended December 31, 2013, December 31, 2014 and December 31, 2015 by the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer of the Corporation. INCENTIVE PLANS

The Corporation has adopted both a fixed stock option plan (the "**Fixed Option Plan**") and a Deferred Share Unit Plan (the "**DSU Plan**"), whereby the number of Common Shares which may be issued pursuant to options ("**Option Shares**") granted under the Fixed Option Plan, and deferred share units ("**DSUs**") under the DSU Plan, may not exceed 2,111,301 Common Shares (on a non-diluted basis), being 8.8% of the issued and outstanding shares of the Corporation.

Fixed Option Plan

The Fixed Option Plan is intended to advance the interests of the Corporation and its subsidiaries and affiliates by encouraging the directors, officers, employees and consultants of the Corporation, or any of its subsidiaries or affiliates, to acquire shares of the Corporation thereby increasing their proprietary interest in the Corporation, encouraging them to remain with the Corporation, or its subsidiaries or affiliates, and providing them with additional incentive in the conduct of their affairs for and on behalf of the Corporation, its subsidiaries and affiliates.

Details of the Fixed Option Plan

The following is a summary of some of the key provisions of the Fixed Option Plan:

- (a) the aggregate number of Option Shares of the Corporation reserved for issuance under the Fixed Option Plan shall not exceed 2,111,301 Option Shares (on a non-diluted basis and adjusted to take into consideration the Consolidation Transaction (defined herein)). The Option Shares of the Corporation in respect of which options under the Fixed Option Plan are not exercised shall be available for subsequent option grants under the Fixed Option Plan. No fractional shares may be purchased or issued thereunder;

- (b) the aggregate number of Option Shares reserved for issuance under the Fixed Option Plan and granted to any one person within a 12 month period may not exceed 5% of the outstanding Option Shares determined at the date of the grant;
- (c) the aggregate number of Option Shares reserved for issuance to any one Consultant (as such term is defined in the TSX-V Corporate Finance Manual) pursuant to the Fixed Option Plan within a one year period may not exceed 2% of the outstanding Option Shares determined at the date of the grant; and
- (d) the aggregate number of Option Shares reserved for issuance to persons employed to provide Investor Relations Activities (as such term is defined in the TSX-V Corporate Finance Manual) for the Corporation within a one year period may not exceed an aggregate of 2% of the outstanding Option Shares determined at the date of the grant. Options issued to Persons performing Investor Relations Activities (as such term is defined in the TSX-V Corporate Finance Manual) must vest as determined by the Board of Directors in stages over twelve (12) months, with no more than one quarter of the options vesting in any three (3) month period.

In the event a participant ceases to be a director, officer, employee or consultant of the Corporation or its subsidiaries for any reason other than for cause or death, such participant may, but only within one year (or such shorter period not less than ninety (90) days as the board of directors may determine) after such participant's ceasing to be a director, officer, employee or consultant (or thirty (30) days in the case of a participant conducting Investor Relations Activities (as such term is defined in the TSX-V Corporate Finance Manual)) or prior to the expiry time of an option, whichever is earlier, exercise any option held by such participant, but only to the extent that such participant was entitled to exercise the option at the date of such cessation.

In the event of the death of a participant on or prior to the expiry time of an option, such option, if vested, may be exercised as to such Option Shares of the Corporation in respect of which such option has not previously been exercised (including in respect of the right to purchase Option Shares of the Corporation not otherwise vested at such time), by the legal personal representatives of the participant at any time up to and including (but not after) a date within one (1) year following the date of death of the participant or the expiry time of such option, whichever occurs first.

Subject to certain conditions set forth in the Fixed Option Plan, the expiry time of an option or any other expiry date for the exercise of an option imposed by the Fixed Option Plan for the exercise of an option shall automatically be extended if such expiry date falls within a period during which the Corporation prohibits an option holder from exercising options for a period of ten business days after the expiry of such restricted period.

The Board of Directors may at any time and from time to time designate those person who are to be granted an option pursuant to the Fixed Option Plan and grant options to such persons. Subject to the policies of the TSX-V and the limitations contained in the Fixed Option Plan, the Fixed Option Plan authorizes the Board of Directors to provide for the grant and exercise of options on such terms (which may vary between option holders) as it shall determine. No option may be granted to any person except upon recommendation of the board of directors. A person who has been granted an option may, if he or she is otherwise eligible and if permitted by the TSX-V policies, be granted additional options if the board of directors so determines.

The exercise price of options granted under the Fixed Option Plan will be determined by the Board of Directors at the time of grant but may not be less than the closing price of the Option Shares on the TSX-V on the day preceding the grant (less any permissible discount under TSX-V policies).

The Fixed Option Plan will be administered by the Board of Directors. The Board of Directors will have full and final discretion to interpret the provisions of the Fixed Option Plan and to prescribe, amend, rescind and waive rules and regulations to govern the administration and operation of the Fixed Option Plan. A written agreement will be entered into between the Corporation and each person to whom an option is granted under the Fixed Option Plan, which agreement will set out the number of Option Shares subject to

option, the exercise price and any other terms and conditions approved by the board of directors, all in accordance with the provisions of the Fixed Option Plan.

Pursuant to the terms of the Fixed Option Plan, upon completion of the recapitalization of the Corporation converting all of the Multiple Voting Shares and Subordinate Voting Shares into Common Shares (the "**Recapitalization Transaction**") and the following a share consolidation on a ten share for one share basis (the "**Consolidation Transaction**"), both of which transactions were approved by the Shareholders at the annual and special meeting of the Corporation held May 19, 2015 and effected by the Corporation May 28, 2015, appropriate adjustments were made to the existing option grant agreements and type of securities covered by individual grants, which now provide for Common Shares.

DSU Plan

In 2014 the Corporation implemented the DSU Plan, a long-term incentive plan, designed to attract, retain and motivate persons of training, experience and leadership as non-executive directors of the Corporation and to promote a greater alignment of interests between such persons and the Shareholders. A copy of the DSU Plan is available to any Shareholder upon request in writing to the Corporate Secretary of the Corporation.

Details of the DSU Plan

The following is a summary of some of the key provisions of the DSU Plan:

Participation in the DSU Plan is restricted to non-employee directors of the Corporation (an "**Eligible Director**"). Employees, directors, officers, consultants and other personnel of the Corporation, or a subsidiary of the Corporation, are eligible to participate in the Corporation's Fixed Option Plan. DSUs and all other rights, benefits or interests in the DSU Plan are non-transferrable (other than to an Eligible Director's beneficiary or estate, as the case may be, upon the death of the Eligible Director).

The DSU Plan is administered by the Board. The Board has the authority to delegate all of its powers and authority under the DSU Plan to a committee appointed by the Board. DSUs may be granted to Eligible Directors at such time or times as shall be determined by the Board by resolution ("**Discretionary DSUs**"). In addition, on fixed dates established by the Board, the Board may permit an Eligible Director to elect to defer receipt of all or a portion of an amount equal to all or a portion of his or her (i) annual directors' retainer payable on account of his or her services as a member of the Board, and (ii) committee chairperson retainers, committee members retainers, Board or committee meeting fees, or special remuneration for ad hoc services rendered to the Board (together an Eligible Director's "**Director Remuneration**"), and receive in lieu thereof DSUs ("**Elective DSUs**").

A DSU is a notional security that entitles an Eligible Director to receive cash, Common Shares or a combination thereof, only after the date on which he or she ceases to be a director of the Corporation for whatever reason (the "**Separation Date**"). The terms applicable to DSUs under the DSU Plan (including whether dividend equivalents will be credited to an Eligible Director's DSU account) are determined by the Board from time to time and reflected in an award agreement between the Corporation and the Eligible Director ("**Award Agreement**"). It is expected that Award Agreements relating to Discretionary DSUs shall include such information as the period of time between the date of grant of the Discretionary DSUs and the date on which such Discretionary DSUs fully vest, any performance criteria to be used to determine vesting and such other terms as the Board may determine. Unless otherwise determined by the Board, Elective DSUs shall immediately vest.

The number of Elective DSUs an Eligible Director is entitled to receive in respect of that portion of his or her Director Remuneration elected to be deferred is calculated by dividing the amount of the deferred Director Remuneration by the Fair Market Value (as such term is defined in the DSU Plan) of one Common Share on an applicable conversion date. For the purposes of the DSU Plan, Fair Market Value of a Common Share is determined, as at a particular date, as follows:

- (a) if the Common Shares are listed on the TSX-V or another stock exchange, the volume weighted average trading price of the Common Shares, calculated by dividing the total volume of Common Shares traded on the TSX-V, or another stock exchange, for the five trading days immediately preceding such particular date; and
- (b) if the Common Shares are not traded on the TSX-V, or are suspended from trading or have not traded on the TSX-V or another stock exchange for an extended period of time, as determined by the Board in good faith.

Following a Separation Date, the Corporation shall, for each vested DSU, deliver to the Eligible Director (or his or her beneficiary or estate, as and if applicable) either (i) a cash payment equal to the Fair Market Value of one Common Share, or (ii) one Common Share, or (iii) any combination of cash and Common Shares equal to the Fair Market Value of one Common Share as of the Separation Date.

The Board may, at any time and from time to time, amend, suspend or terminate the DSU Plan as to any Common Shares of which DSU awards have not been made.

No Discretionary DSUs and 170,355 Elective DSUs have been granted as at the date of this Circular.

The aggregate number of Common Shares which may be reserved and set aside for issuance upon either (i) the exercise or redemption and settlement for all DSUs granted under the DSU Plan or (ii) the exercise of stock options awarded pursuant to the Fixed Option Plan, is 2,111,301.

Pursuant to the terms of the DSU Plan, upon completion of the Recapitalization Transaction and the Consolidation Transaction, appropriate adjustments were made to the Award Agreements and the type of securities covered by individual grants, which now provide for Common Shares.

The following table sets forth the number of Common Shares which may be subject to (i) stock options awarded pursuant to the Fixed Option Plan and (ii) DSUs under the DSU Plan, based on a total of 24,122,507 outstanding Common Shares as at the date of the Management Information Circular.

	Common Shares Subject to Outstanding Stock Options ⁽¹⁾	Common Shares Subject to Outstanding DSUs ⁽¹⁾	Common Shares Available for Future Stock Options and/or DSUs	Maximum Number of Common Shares Subject to and Available for Stock Option Grants and/or DSU Grants
	846,591	170,355	1,094,355	2,111,301
Percentage of outstanding Shares as at the date of the Circular	3.5%	0.7%	4.5%	8.7%

(1) The Fixed Option Plan and the DSU Plan originally provided for the grants in respect of Subordinate Voting Shares. Pursuant to the Recapitalization Transaction and subsequent Consolidation Transaction, both of which were approved by the Shareholders at the annual and special meeting of the Corporation held May 19, 2015 and completed by the Corporation effective May 28, 2015, the Subordinate Voting Shares were exchanged for Common Shares and then consolidated on a 10 share for 1 share basis. Accordingly, all options granted under the Fixed Option Plan, and deferred share units awarded under the DSU Plan, pursuant to the adjustment provisions of the respective plans, now provide for the underlying shares subject to the plans being Common Shares with the number of shares under existing grants having been adjusted for the Consolidation Transaction.

DIRECTORS' COMPENSATION

Compensation of Directors

In 2015 all non-executive directors were entitled to receive annual compensation comprised of: (i) an annual base retainer of \$25,000, payable quarterly; (ii) \$500 per committee meeting; (iii) \$1,000 per board meeting;

(iv) an annual flat fee of \$2,000 for the Chairman of each committee of the Board of Directors; and (v) an annual flat fee of \$5,000 for the Chairman of the Board of Directors.

Under the Corporation's Fixed Option Plan, described above under the section entitled "Incentive Plans – Fixed Option Plan", directors may also be granted stock options from time to time by the Board of Directors on a discretionary basis. As at the date of this Circular, no stock options had been granted to directors.

Under the Corporation's DSU Plan, described above under the section entitled "Incentive Plans – DSU Plan", non-executive directors may also be granted Discretionary DSUs and/or elect to receive Elective DSUs in lieu of his or her Director Remuneration. As at the date of this Circular, 170,355 DSUs were issued to directors.

PART 4 — CORPORATE GOVERNANCE

National Policy 58-201 *Corporate Governance Guidelines* (the “**Governance Guidelines**”) sets out best practice guidelines for effective corporate governance. The Governance Guidelines deal with matters such as the constitution and independence of corporate boards, their functions, the effectiveness and education of board members and other items dealing with sound corporate governance. National Instrument 58-101 *Disclosure of Corporate Governance Practices* requires that if management of an issuer solicits proxies from its securityholders for the purpose of electing directors, specified disclosure of its corporate governance practices must be included in its management information circular.

The Corporation and the Board recognize the importance of corporate governance to the effective management of the Corporation and to the protection of its employees and shareholders and acknowledges the benefits received by it and Shareholders from the disclosure of governance practices and is committed to an ongoing process of disclosure. The Corporation's approach to significant issues of corporate governance is designed with a view to ensuring that the business and affairs of the Corporation are effectively managed so as to enhance shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Corporation's affairs and in light of opportunities or risks which the Corporation faces. The directors are kept informed of the Corporation's operations at these meetings as well as through reports and discussions with management on matters within their particular areas of expertise.

The Corporation's corporate governance practices have been designed to comply with applicable Canadian requirements and best practices. The Corporation continues to monitor developments in Canada and internationally with a view to keeping its governance policies and practices current. The Board has considered the Governance Guidelines and believes that its approach to corporate governance is appropriate and works effectively for the Corporation and its Shareholders.
